An important note about electronic devices:

While you are are not required to bring any electronic devices to camp, we understand that you may want to bring your smartphone, laptop, iPad, or gaming console. While we will have plenty of activities planned throughout the day and evening, please read below if you plan on bringing one or more of these items.

1. We are not responsible for any lost, missing, or stolen items.
 2. We recommend these items are clearly marked with your name and in permanent marker.
 3. We will ask you to keep these items locked in your dorm, or zipped up in your backpack, both for safety, and to limit the distractions during the camp day. There is so much to learn, so we want you to be focused and ready to enjoy all we have to offer!
-

Parent/Guardian Notes:

1. If you decide to leave your devices at home, you will have access to a camp computer to send along emails to your family.
2. Camp Directors will notify parents of any emergencies or bouts of homesickness—nothing is more important than our students' safety and comfort.

We hope this helps!
